

Member Behaviours

To adhere to our child safe policies outlined in the Child Safe handbook, we've had to set the following rules in our locker rooms. This is to ensure the safety of our junior members and any other minors that may use the facilities our club has to offer. We ask you please comply and assist keeping Shelly Beach Golf Club a safe space.

- No use of phones
- Children must be accompanied by a parent or guardian
- Please change as discreetly and modestly as possible and be covered whilst walking around
- In the instance of a child being unaccompanied, do not remain alone in the locker room with them
- Close the shower door while showering (applicable when locker/change room renovation has been constructed)
